FIRON

M. FIRON & CO. ADVOCATES

BLOCKCHAIN AND SMART CONTRACTS

M. Firon & Co. is the largest and leading law firm in Israel to have first identified, the potential and infinite applications of blockchain technology.

By its very nature, use of blockchain technologies and the development of smart contracts based on it, arises a broad range of new legal and regulatory questions.

As a pioneer in the field, M. Firon set up a research comprehensive team in collaboration with leading firms around the world in order to provide its clients with services in this field.

Consequently, M. Firon has developed expertise in all matters relating to blockchain and its applications including smart contracts, cryptocurrencies, DApps, and more. The firm thus provides support in all the legal and regulatory related aspects (including securities law, money laundering, banking, intellectual property, protection of privacy and more).

In addition, the firm's lawyers, as pioneers in researching and handling the field, have authored many articles and serve in positions such as Chairperson of the Blockchain and Digital Currencies Committee of the Israel Bar Association.

The combination of the aforementioned advantages ensures that M. Firon's clients benefit from comprehensive and tailor-made legal solutions, while enabling the firm to be the first in reacting swiftly and effectively to the regulatory changes and developments in this sector in Israel and worldwide.

BUILT ON TRADITION.

DRIVEN BY INNOVATION.

"The Firon team is one of the best in the country in terms of depth, professionalism, international experience and business orientation."
